FIAT DUCATO TWIN REAR AXLE

The Fiat based mid-floor minibuss

SPECIFICATION

- This vehicle is also available as a single step entry with a ramp at the nearside or the rear
- The body has been designed to be as aerodynamic as possible for a positive impact on operational costs
- The nearside entrance is a manual or a power plug
- The vehicle can carry a maximum of 16 passengers or upto 5 wheelchairs
- An internally mounted lift can be fitted to the rear. These can be sourced from a wide range of suppliers to meet the customer's needs
- All the glazing on the vehicle is bonded for structural integrity
- An easy access step well is fitted 200mm from ground and a further 200mm from first step to saloon floor
- Saloon floor is completely flat other than the narrow wheelarch panels and overlaid with a slip resistant vinyl with high visibility step edging
- All the interior lights are LED with blue night lights and include LED load lamp, cab lamp and step lamp
- The handrails are ergonomically designed

- The saloon heater is an independent combustion unit ducted up the "B" post and vented through the cantrail panel on the offside of the vehicle
- The seatbelts, seats and fixings have been tested to the requirement of ECE regulations for category M2 vehicles
- The exterior finish on the vehicle is a high gloss Fiat white impregnated gel coat finish. This improves the durability of the exterior finish and makes repairs much more cost effective
- The roof and side panels are bespoke wipe to clean GRP mouldings
- The vehicle is also supplied with two fire extinguishers, a first aid kit and an emergency escape type roof vent

OPTIONAL EXTRAS

- Air conditioning / Climate Control
- Top sliding windows
- Metallic paint
- Rear view cameras, beepers and sonar systems
- Waist panel inserts

Many other options are available on request.

"... the drivers and passengers are all pleased, some even say it's the best bus we've ever had!" - Brian Crangle, The Hedgehog NCCBA Ltd.

"... their innovative solutions to some of the problems undoubtedly saved us tens of thousands of pounds. They have got to be the most customer focused organization I have dealt with in many years, nothing is too much trouble to get the job finished and their rates are competitive and many little things were thrown in free. On a scale from 1 to 10 these are a 10+" - Andy McQueen, Arriva

MELLOR
COACHCRAFT

Customer Service ...

... is paramount within the whole group. We are aware that this is one of the most advanced vehicles on the market today so we will go to great lengths to meet our customer's greatest expectations with an equally superior after sales service.

ENVIRONMENTALLY FRIENDLY VEHICLES

We are always looking to the future and are aware of the carbon footprint we leave behind. So once again Mellor is taking a bold step, to prepare for the day of hybrid or electric vehicles and are working with a partner to develop hybrid accessible vehicles to serve local communities in the UK and the world. Already all our vehicles are Euro 5 compliant.
